Hanging off of your finger
Pointing at me
Interpolating me
Just your thumb
Is something

Index explores
Index and middle loosens

Thumb penetrates
(Dick-like thumb)

Why don't you finger me?

Deepthroating

Focus on the fact
You produce a lot of saliva
Beard soaked in
Egg whites, snot, slime

This time it wouldn't stop flowing
That time you spat in my mouth
This time it lathered my dick
That time I swallowed

Flowing and flowing
On my belly pond
Then you stopped
Uff

Jerking our dicks
It smells
It makes noise
It stops flowing

Saliva plus sucking
Is perversion
Saliva plus jerking
Is functionality

I wasn't being a good bottom
I wanted my dick to be involved
I wanted to swallow your cum tho

**But how do you cum while treading water?
Why do you need not move?
Stabilize me**

**I was annoyed
I asked you to anchor my body
I managed to cum**

**A watery load
But I had hoped that the sperm
Would float free in the water**

**A poached egg
(Poached eggs for breakfast
And lots of cum swallowing)**

**Water friction
You lose feeling in your dick
I went behind you**

**You defied gravity
On my lap you floated
Totally ungrounded**

**And then
I saw your sperm
Rising like a poached egg**
